Teaching Procedures			Time
Opening	I. Play a video about careers (職業大暴走) and roughly introduce the connection between careers they can choose in the future and subjects they are learning in the school now.		5 mins
Main teaching activities	II. 1. Introduce the vocabularies of subjects:		10 mins
	① The students are asked to turn to page 35, the Word Power section. They have to guess the meanings of the English words based on the given pictures. ② The teacher then introduced the vocabularies and roughly explained the contents of each subject. ③ Students are asked to memorize the vocabularies in 5 minutes. They need to understand the meaning of each word when they see the words.		15 mins
2. Divide students into four groups and ask them to finish a learning sheet:			
① The students are divided into four groups. Each group will be given a learning sheet with a number of career names that might be unfamiliar to the students.			
② The teacher introduces the names of the careers with slides. The students need to discuss for the correct answers and finish the learning			

Closure	sheet. ③ The teacher invites the students to come up to the stage to share their answers and talk about what they want to do in the future as well as the reasons they choose the career. III. Give assignments: The students are required to memorize the names of the subjects and finish the Word Power section in the textbook.	5 mins
