

Air Raid Alarm Instructions

Indoors

Leave Dangerous Locations

- **Stay away** from exterior walls and windows, and cover your head.
- **Move** from higher floors to lower floors for protection.

Outdoors

In Urban Areas

- **Seek** immediate shelter in the nearest building.

In Open Space

- **Drop down** and assume a protective posture.
- Use bridges, underpasses, or drainage ditches, etc. for cover.

In Vehicles

Able to Exit the Vehicle

- **Enter** the nearest building for shelter.
- **Take cover** and assume the protective posture if no buildings are nearby.

Not Able to Exit the Vehicle

- **Lower your body** below window level and protect your head.

Protective Posture

1. Stay down and protect your head.
2. Stay still.
3. Stay away from the explosion and wait to move.
