# The 11<sup>th</sup> World Creativity Festival 2015

## Welcome message

**We** welcome you all to the 11th World Creativity Festival: Mind Frontier 2015.

The 11th World Creativity Festival: Mind Frontier 2015 will take place at the Korean Advanced Institute of Science and Technology(KAIST) in Daejeon, Republic of Korea.

The World Creativity Festival(WCF) was evolved from a national competition held annually since 1997 and started to invite students from all around the world from 2005. When this festival was internationalized in 2005, WCF was given another title, which is Mind Frontier.

The main goal of Mind Frontier is to stimulate students' interest on creativity achievement in science and technology by networking talented students together from various countries and providing them with opportunities for scientific and cultural experiences.

We have given a different theme to the festival every year. The theme of Mind Frontier 2015 is Sharing Talent. We expect all participating students to expand their vision into another level by sharing their knowledge and experiences with talented students from other countries.

We hope you all fully enjoy this festival, Mind Frontier 2015.

**Kwon, Sun-Taik**  
Festival Chair

**Kim, Jong Duk**  
Organizing Committee Chair

**Park, Kyungbin**  
International Advisory Committee Chair

## What is World Creativity Festival : Mind Frontier?

Mind Frontier is a festival for both Korean and international students to compete and challenge their abilities and creative skills in problem solving. It has been a national event held since 1997, and took its second step into international arena in 2005.

The main events of Mind Frontier are competitions, in which participating students will have to demonstrate their creativity and be evaluated by international judges. Moreover, students can also enjoy social and cultural experiences with smart students from various countries via such special programs as Buddy Buddy, Market Place, Talent Show and more.

## How to participate in WCF 2015

### Step 1 : Registration

- Registration opens : August 24, 2015
- A group of two students can submit a registration form
- Eligibility : Primary school students(up to 6th grade) or junior high school students(7-9th grade)

### Step 2 : Letter of Invitation

- Eligible registrants will receive the official letter of invitation from the Festival Chair as soon as the registration form arrives, or no later than September 2, 2015

### Step 3 : Long-term Thesis Upload

- Long-term thesis announces: August 24, 2015
- The accepted and invited teams should submit a long-term thesis as their final output until October 4, 2015

### Step 4 : Enjoy WCF 2015 at Daejeon, Korea!

All participants, including students and their supervising teachers, will be provided with free accommodations and meals for the period of the festival. The supervising teacher of each team (up to 2 teachers from each country) will be also offered some financial support.
