

# 無線網路身份認證

## 無線網路存取

The screenshot shows the D-Link DAP-2690 configuration interface in a Mozilla Firefox browser window. The browser's address bar shows the URL `192.168.254.57/index.php`. The page title is "D-Link DAP-2690". The navigation menu includes Home, Maintenance, Configuration, System, Logout, and Help. The left sidebar shows a tree view with "Basic Settings" expanded, containing "Wireless", "LAN", and "IPv6", and "Advanced Settings" and "Status".

The main content area is titled "Wireless Settings" and contains the following configuration options:

- Wireless Band: 5GHz
- Mode: Access Point
- Network Name (SSID): grjh
- SSID Visibility: Enable
- Auto Channel Selection: Enable
- Channel: 52
- Channel Width: Auto 20/40 MHz
- Authentication: WPA-Enterprise

Below these are sections for "RADIUS Server Settings", "Network Access Protection", "RADIUS Server Mode", "Primary RADIUS Server Setting", "Backup RADIUS Server Setting (Optional)", "Primary Accounting Server Setting", and "Backup Accounting Server Setting (Optional)".

The "RADIUS Server Settings" section includes:

- WPA Mode: AUTO (WPA or WPA2)
- Cipher Type: Auto, Group Key Update Interval: 1800 (Seconds)

The "Network Access Protection" section includes:

- Network Access Protection:  Disable,  Enable

The "RADIUS Server Mode" section includes:

- RADIUS Server:  External,  Internal

The "Primary RADIUS Server Setting" section includes:

- RADIUS Server: 120.116.52.29, RADIUS Port: 1812
- RADIUS Secret: [Redacted]

The "Backup RADIUS Server Setting (Optional)" section includes:

- RADIUS Server: [Redacted], RADIUS Port: 1812
- RADIUS Secret: [Redacted]

The "Primary Accounting Server Setting" section includes:

- Accounting Mode: Disable
- Accounting Server: [Redacted], Accounting Port: 1813
- Accounting Secret: [Redacted]

The "Backup Accounting Server Setting (Optional)" section includes:

- Accounting Server: [Redacted], Accounting Port: 1813
- Accounting Secret: [Redacted]

A "Save" button is located at the bottom right of the configuration area.

At the bottom of the browser window, there is a status bar with the text "Mozilla Firefox 看來很~~慢~~才~~做~~動~~。" and two buttons: "了解如何加速啟動(L)" and "不要再告訴我(A)".
