

## About Us

Shengsian Elementary School is committed to cultivating students to become lifelong learners with a global perspective. This is achieved by focusing on six core competencies:

- Lifelong Self-Learning: The ability to learn independently throughout life.
- Creative and Technological Thinking: The capacity for innovative and technological problem-solving.
- Global Communication: The skills to communicate effectively in an international context.
- Health and Aesthetics: The appreciation for health, well-being, and beauty.
- Positive Influence: The power to create a positive impact on others.
- Cultural Sustainability: The responsibility to preserve and promote cultural heritage.

## Signature courses

### Coffee Class

Introduce the unique characteristics of the local Dongshan coffee culture, allowing students to learn relevant knowledge and experience pour-over coffee brewing and latte art firsthand

### Pottery class

Introduce students to knowledge related to pottery, have them create their own ceramic works, and then use them to decorate the school campus.

## Sport Club

## Woodball

## Golf
